

United States

FDA / MoCRA launch checklist

Pre-launch control list

- ☐ Confirm the intended use and all proposed claims stay on the cosmetic route.
- ☐ Confirm the responsible person and determine whether the manufacturing facility is subject to registration.
- ☐ Prepare the product listing data set and retain the formula, safety and manufacturing support.
- ☐ Review U.S. label identity, net contents, INCI declaration, business details, warnings and country of origin.
- ☐ Set up complaint, serious adverse event, recall and record-retention workflows.

Use this list as a project-control aid. It is not legal advice; confirm the final route, local party and submission timing with the relevant authority or qualified local advisor.
